

San Diego County, CA - NeighborhoodLIFT[®] Program Map

To be eligible for the NeighborhoodLIFT[®] down payment assistance program, the property must be within San Diego County, CA. This is indicated in the boundaries outlined in blue on the map above. To determine if a property is eligible, follow the instructions on the reverse side of this page.

**Please note: The map pictures are provided for illustrative purposes only and does not guarantee the property is located within the program boundaries.*

San Diego County, CA - NeighborhoodLIFT[®] Program Map

To be eligible for the NeighborhoodLIFT[®] down payment assistance program, the property must be within San Diego County, CA. This is indicated in the boundaries outlined in blue on the map on the reverse side of this page. To determine if a property is eligible, visit the San Diego County Treasurer Tax Collector's office "Property Tax Search" web page at <https://iwr.sdtreastax.com/SanDiegoTTCPaymentApplication/Search.aspx> and follow the directions listed below.

(NOTE: The mailing address may not be the same as the property address. Follow the Search Option 2: Assessor Parcel Number steps below to find and search by the San Diego County Assessor Parcel Number.)

Search Option 1: Property Tax Bill Mailing Address

1. Enter the property's street number and street name in the 'Mailing Address' field under the 'Option 1: Mailing Address' section. Do not enter the street type such as St, Rd, Blvd etc.
2. Enter the property zip code in the 'Zip Code' field.
3. Click the 'Begin Search' button at the bottom of the page.

Search Option 2: Assessor Parcel Number

Enter the property's Assessor Parcel Number (without the dashes) in the 'Option 2: Assessor Parcel Number, Supplemental Bill Number, or Escape Bill Number' section.

The Assessor Parcel Number can be found at the San Diego County Assessor's web site via the 'Parcel Property Characteristics' search link: <https://arcc.sdcounty.ca.gov/Pages/propchar.aspx>

1. From the 'Search By' drop down list select "Street Address". Enter the property's street number and street name. Do not enter the street type such as St, Rd, Blvd etc.
2. Click the Search button. If the property is located in the Assessor's database, the Parcel Number will display near the top center of the page.
3. Copy the 10-digit number without the dashes to the Search Option 2 section above and close the Assessor's web search page.

If the mailing address matches the property address, the San Diego County Treasurer's 'Property Tax Information Search Results' page opens. Results are displayed in the SECURED section of the web page and include the parcel number and owner name along with detailed information about the property taxes. The property is eligible for NeighborhoodLIFT[®] financing. Clicking the 'View Bill' button to the left of the SECURED section will display a copy of the front and back of the property tax bill.

If the property is not found in San Diego County, clicking the 'Begin Search' button at the bottom of the page will refresh the 'Search Property Tax Information' web page and the message "Record not found." will appear under the Zip Code field in red text. The property is NOT eligible for NeighborhoodLIFT[®] financing.
